

Privacy Policy - Proof Moment

Last Updated: January 2026

Data Collection

Proof Moment does not collect, store, or transmit any personal data. All records created in the app are stored locally on your device only.

Local Storage

All timestamped records, including text, photos, and associated metadata, are stored exclusively on your device using SwiftData. No data is sent to external servers or third parties.

Permissions

Proof Moment requests the following permissions:

- **Camera**: Used only when you choose to take a photo for a record. Photos are stored locally and never shared without your explicit action.
- **Photo Library**: Used only when you choose to select a photo from your library for a record. Access is limited to the photos you explicitly select.

Third-Party Services

Proof Moment does not use any third-party analytics, advertising, or tracking services.

Data Sharing

Your records are never automatically shared. The only way your data leaves your device is if you explicitly use the Share feature, which is under your complete control.

Children's Privacy

Proof Moment does not knowingly collect information from children. The app is suitable for users of all ages as it does not collect any personal information.

Changes to This Policy

We may update this Privacy Policy from time to time. Any changes will be posted on this page with an updated revision date.
